THE PUNJOM AND SUNGHIE DUA SAMANTAN MINING COMPANY. TO THE EDITOR OF THE "DAILY PRESS." SIR,-I have perused with considerable interest the letter of your correspondent, "A Shareholder," which appeared in your issue of the 15th inst. ment propping up the financial position of the above company. I fully trust the directors of this unfortunate company, a company which has taken such an awry turn, which has contributed not a little in causing great financial havoo in this colony as well as in Singapore, and has brought not a few to the verge of ruinstion and bankruptcy, will see the advisability of making a move to improve its financial status by carrying out the simple but effective and fessible suggestions embodied therein. Added to the method of procedure sugrested therein, I beg to being to the notice of the directors another equally simple and feasible plan, which I am sure will most with the approval

Ungestionably Mr. Becher has committed to grave error of judgment in former times in being led to be dup d by merely external appearances, which, as he should have known, ties. Had it not been for his unguarded previous statements amounting to a degree of positiveness as regards the success of the company. Hongkong and cingapore would have been spared the piteous spectacle of engulfing \$600,000 in the vain search of "the cursed thirst of gold." Mr. Becher's mining reputation is at stake. Mr Becher's official utterances have proved fallacions to a degree, and consequently he should be too glad to do anything and his utmost to save his reputation and this valuable estate, as he makes it out to be in the latest report on the property . hy at once consenting to the aboveproposed course at this time of financial panic,

It is currently reported that these two gentlemen have resigned from the directorate. If that be the case, their action is open to considerable censure for thus abandoning the helm of affairs at this Oloritical juncture. I enclose my card and beg to subscribe myself, yours truly,
